Retirement from Council

MR. FREDERICK McCARDELL

MR. Frederick McCardell retired from Council in May 1988 and did not seek re-election at the annual Council elections.

Fred, as he is known to his many friends, was elected a Foundation Member in May 1976. He served on the Council of the Institute since 1983 during which period he also held office as Chairman of the Western Australia Chapter, a position which he still holds.

Mr. McCardell who is a self-employed Architect in Western Australia conducted his first arbitration in 1962 and has always looked upon his arbitration work as being an important part of his professional practice as an architect.

During the years he was on the Council, he made a valuable contribution in furthering the practice of arbitration and in the education and training of arbitrators. He has always been very willing to share his experiences in the field and pass on his knowledge and expertise to others. During 1987 both the General Residential Course and the Advanced Residential Courses were held in Perth. Both Courses were arranged by the Chapter Committee on behalf of Council under the Chairmanship of Fred and their success was in no small way due to his leadership, interest and hard work.

Members will join the Council in thanking Fred for his fine contribution to the Institute and wish him well on his retirement.
