## GOOD NEWS ISSUE

UNIVERSITY OF N.S.W.

04 JUL 2000

LIBRARY 10

**A**t the ACT Branch we are proud to present this issue of Children's Rights News. We have wrestled with a huge quantity of material flowing into the National Office, including from the ACT Conference, to bring you up-to-date on hot issues and new developments.

As so much of the news related to children's rights is extremely depressing and impossibly difficult to digest, we have made a conscious decision to present you with a **GOOD NEWS** issue!

And there is much genuine good news in Australia at the moment. Just look at the contents on page 2! We also include a page of letters from readers, which we hope will become a regular feature.

We invite readers, especially children, to send us poems, drawings and comments to enlighten and inform our pages. We will send every contributor a DCI badge with our very genuine thanks!!
