### SOCIETY FOR APPLIED PHILOSOPHY (U.K.)

The Society for Applied Philosophy has been established to provide a focus for philosophical research with a direct bearing on areas of practical concern which are capable of being illuminated by the critical, analytic approach characteristic of philosophy, and by direct consideration of questions of value. These areas include law, politics, economics, science-policy, medicine and education but are not confined to these. The Society organises an Annual Conference usually on a central theme of practical interest. The aim of fostering philosophical research in areas of practical concern is promoted by a special register designed to promote close links between people with related research interests. Officers of the Society are: Sir Alfred Ayer, FBA (President), D.J. O'Connor (Chairman), Brenda Cohen (Secretary), and Anthony O'Hear (Treasurer). The Society's Journal, *Journal of Applied Philosophy*, will commence publication in 1984. Enquiries should be addressed to Brenda Cohen, Philosophy Department, University of Surrey, Guildford, Surrey, GU2 5XH, U.K.
