THREATENED SPECIES CONSERVATION ACT 1995 No 101

Notice of Final Determination and Amendment of Schedules 1 and 2 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination:

- (a) to insert the following species of plant in Schedule 2 to that Act (Vulnerable species) and
- (b) as a consequence, to omit reference to that species of plant from Part 1 of Schedule 1 to that Act (Endangered species),

and, accordingly, those Schedules are amended as set out in Annexure "A" to this Notice:

Plants

Goodeniaceae

Velleia perfoliata R. Br.

This species is currently listed as *Velleia perfoliata* in Part 2 of Schedule 1 to the *Endangered Species Protection Act 1992* of the Commonwealth, and, consequently, under section 7 of the *Threatened Species Conservation Act 1995*, should be inserted in Schedule 2 to that Act with an asterisk.

The final determination to insert this species in Schedule 2 has been made because the Scientific Committee is of the opinion that this species is likely to become endangered in New South Wales unless the circumstances and factors threatening its survival cease to operate.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)
National Parks & Wildlife Service
43 Bridge Street
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 28th day of August 1998.

Dr Chris Dickman
Chairperson
Scientific Committee
