THREATENED SPECIES CONSERVATION ACT 1995 No 101

Notice of Final Determination and Amendment of Schedules 1 and 2 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination:

- (a) to insert the following species in Schedule 2 to that Act (Vulnerable species), and
- (b) as a consequence, to omit reference to that species from Part 1 of Schedule 1 to that Act (Endangered species),

and, accordingly, those Schedules are amended as set out in Annexure "A" to this Notice:

Plants

Myrtaceae

Kunzea rupestris Blakely

The final determination to insert this species in Schedule 2 has been made because the Scientific Committee is of the opinion that the species is likely to become endangered unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)
National Parks & Wildlife Service
43 Bridge Street
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 6th day of March 1999.

Dr Chris Dickman
Chairperson
Scientific Committee

Annexure “A”

Schedule 2 to the *Threatened Species Conservation Act 1995* is amended by inserting in alphabetical order under the heading “Plants” and the sub-heading “Myrtaceae” the following matter:

Kunzea rupestris Blakely

Schedule B to the *Threatened Species Conservation Act 1995* is amended by omitting from Part 1 of that Schedule the following matter under the heading “Plants” and the sub-heading “Myrtaceae”:

**Kunzea rupestris* Blakely
