

New South Wales

Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 3 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following threatening process in Schedule 3 to that Act (Key threatening processes) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Bushrock removal (as described in the final determination of the Scientific Committee to list the threatening process)

The final determination to insert this threatening process in Schedule 3 has been made because the Scientific Committee is of the opinion that bushrock removal adversely affects two or more threatened species and that it could cause species that are not threatened to become threatened.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)
National Parks & Wildlife Service
43 Bridge Street
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 21st day of October 1999.

Chris Dickman
Chairperson
Scientific Committee

1999 No 596

Threatened Species Conservation Act 1995 No 101—Final Determination

Annexure “A”

Schedule 3 to the *Threatened Species Conservation Act 1995* is amended by inserting in alphabetical order the matter:

Bushrock removal (as described in the final determination of the Scientific Committee to list the threatening process)

BY AUTHORITY
