

New South Wales

Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following species of animal in Part 1 of Schedule 1 to that Act (Endangered species) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Animals

Gekkonidae

Diplodactylus conspicillatus Lucas and Frost (1897) Fat-tailed Diplodactylus

The final determination to insert this species in Part 1 of Schedule 1 has been made because the Scientific Committee is of the opinion that the species is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

Copies of the final determination may be inspected during business hours at:

The National Parks Centre
102 George St
The Rocks
Sydney

and at Area Offices or Visitor Centres of the National Parks and Wildlife Service.

Signed at Sydney, this 27th day of July 2002.

2002 No 604

Threatened Species Conservation Act 1995 No 101—Final Determination

Dr Chris Dickman

Chairperson
Scientific Committee

Annexure “A”

Schedule 1 to the *Threatened Species Conservation Act 1995* is amended by inserting in Part 1 under the heading “Animals” and the sub-heading “Reptiles” and immediately before the sub-heading “Scincidae” the matter:

Gekkonidae

Diplodactylus conspicillatus Lucas and Frost (1897) Fat-tailed Diplodactylus
