

# Notice of Final Determination and Amendment of Schedule 1 to Act

under the

Threatened Species Act 1995 No 101

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following population of bird as an endangered population in Part 2 of Schedule 1 to that Act and, accordingly, that Schedule is amended as set out in Annexure “A” to this Notice:

## Animals

### Vertebrates

#### Birds

##### Climacteridae

*Climacteris affinis* Blyth, 1864      White-browed Treecreeper population in Carrathool local government area south of the Lachlan River and Griffith local government area

The final determination to insert this population in Part 2 of Schedule 1 has been made because the Scientific Committee is of the opinion that the population's numbers have been reduced to such a critical level, and its habitat has been so drastically reduced, that it is in immediate danger of extinction, that it is not a population of a species already listed in Schedule 1, and that it is disjunct and at or near the limit of its geographic range.
