
Regulations under the *Electricity Commission Ordinance*

I, JOHN ARMSTRONG ENGLAND, the Administrator of the Northern Territory of Australia, having received the advice of the Executive Council, hereby make the following Regulations under the *Electricity Commission Ordinance*.

Dated this thirtieth day of June, 1978.

J. A. ENGLAND
Administrator

ELECTRICITY (FEES AND CHARGES) REGULATIONS

- | | |
|------------------------------------|---|
| Citation | 1. These Regulations may be cited as the Electricity (Fees and Charges) Regulations. |
| Interpretation | <p>2. In these Regulations, unless the contrary intention appears—</p> <p>“commercial premises” means premises that are not, or part of premises that are not, domestic premises;</p> <p>“consumer” means a person who—</p> <p style="padding-left: 20px;">(a) has applied for; and</p> <p style="padding-left: 20px;">(b) is supplied with, electricity by the Commission;</p> <p>“domestic premises” means a separately metered single residential unit, with or without a caravan attached, or a separately metered part of such a single residential unit that is used by the occupier solely for non-income domestic purposes, and includes a separately metered caravan or flat that is so used, but does not include a hotel, hostel, guest-house, boarding-house, residential institution, sleeping quarters or caravan park;</p> <p>“unit of electricity” means one kilowatt hour.</p> |
| Charges for domestic supply | 3. The charge payable to the Commission by a consumer for the supply of electricity to domestic premises for a quarter is the charge calculated by reference to Schedule 1 on the consumption of electricity by that consumer. |
| Charges for commercial supply | 4. Subject to regulations 5 and 6, the charge payable to the Commission by a consumer for the supply of electricity to commercial premises for a quarter is the charge calculated by reference to Schedule 2 on the consumption of electricity by that consumer. |
| Charges for street lighting supply | 5. Subject to regulation 7, the charge payable to the Commission by a consumer for the supply of electricity to a street light of a type set out in column 1 of Schedule 3 for any year is the charge set out in respect of that light in column 2 of that Schedule. |
| Charges for miscellaneous supply | 6. Subject to regulation 7, the charge payable to the Commission by a consumer for the supply of electricity to an installation set out in column 1 of Schedule 4 for any year is the charge set out in respect of that installation in column 2 of that Schedule. |

*Notified in the *Northern Territory Government Gazette* on 30 June, 1978.

7. If electricity is supplied to—

- (a) a street light; or
- (b) an installation specified in Schedule 4,

for part of a year only, the charge payable to the Commission by the consumer for the supply of that electricity shall be the charge payable under regulation 5 or 6, as the case may be, divided by 52 and multiplied by the number of full weeks in that year during which electricity was actually supplied.

8. The fee payable to the Commission by a person to whom a service set out in column 1 of Schedule 5 is rendered, is the fee set out in, or calculated at the rate set out in, column 2 of that Schedule in relation to that service.

SCHEDULE 1

Reg. 3
