

NORTHERN TERRITORY OF AUSTRALIA

Regulations 1982, No. 2 *

Regulations under the Inspection of Machinery Act

I, ERIC EUGENE JOHNSTON, the Administrator of the Northern Territory of Australia, acting with the advice of the Executive Council, hereby make the following Regulations under the Inspection of Machinery Act.

Dated this 12th day of January, 1982.

E.E. JOHNSTON
Administrator

AMENDMENTS OF THE INSPECTION OF
MACHINERY REGULATIONS

1. NOTIFICATION OF PACKAGED BOILER

Regulation 7 of the Inspection of Machinery Regulations is amended by omitting sub-regulation (3) and substituting the following:

"(3) Subject to sub-regulations (4), (5) and (6), a person shall not, unless he is an approved mechanic, engage in the erection of or repair of packaged boiler control equipment, or unless he is a person under the supervision of such an approved mechanic, interfere with or alter the packaged boiler control equipment.

"(4) An approved mechanic referred to in sub-regulation (3) may be approved unconditionally or subject to such conditions as the Chief Inspector thinks fit.

* Notified in the Northern Territory Government Gazette on 22 January, 1982.

A. B. CAUDELL, Government Printer of the Northern Territory

Price: 30 cents

Inspection of Machinery

"(5) Without limiting the generality of sub-regulation (4), where a mechanic is approved for the purposes of sub-regulation (3), the Chief Inspector may make conditions in relation to the kinds of work that the approved mechanic may carry out in relation to packaged boiler control equipment, including the construction, erection, installation, repair, alteration and maintenance of the packaged boiler control equipment.

"(6) An approved mechanic referred to in sub-regulation (3), or a person under the supervision of such an approved mechanic, shall not interfere with or alter packaged boiler control equipment except subject to, and in accordance with, the conditions, if any, attaching to the approval of that mechanic.

Penalty: \$2,000."

2. REPEAL AND SUBSTITUTION

Regulation 45 of the Inspection of Machinery Regulations is repealed and the following substituted:

"45. QUALIFICATION OF LIFT AND ESCALATOR MECHANICS

"(1) Subject to this regulation, a person shall not install, alter, repair or maintain a lift or escalator or in any manner interfere with the operating mechanism of a lift or escalator, unless he has had 4 years approved experience in the installation, alteration, repair and maintenance of lifts or escalators, or is under the supervision of a person who has had such 4 years approved experience.

"(2) Approved experience referred to in sub-regulation (1) may be approved unconditionally or subject to such conditions as the Chief Inspector thinks fit.

"(3) Without limiting the generality of sub-regulation (2), where, for the purposes of sub-regulation (1), 4 years experience in the installation, alteration, repair and maintenance of lifts or elevators is approved, the Chief Inspector may make conditions in relation to the kinds of work that a person with that approved experience may carry out in relation to lifts and elevators, including the installation, alteration, repair and maintenance of lifts and elevators.

"(4) A person with the approved experience referred to in sub-regulation (1), or a person under the supervision of such a person, shall not install, alter, repair or carry out maintenance on a lift or escalator, or in any manner interfere with the operating mechanism of a lift or elevator, except subject to, and in accordance with, the conditions, if any, attaching to the approval of that experience.

Penalty: \$2,000."
