# Information about this reprint

This notice is reprinted as at 1 January 2009.

Minor editorial changes allowed under the provisions of the Reprints Act 1992 have been made to use standard punctuation consistent with current drafting practice (s 27).

This page is specific to this reprint. A table of reprints is included in the endnotes.

**Also see endnotes for information about when provisions commenced.**

## Spelling

The spelling of certain words or phrases may be inconsistent in this reprint or with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, 'lodgement' has replaced 'lodgment'). Variations of spelling will be updated in the next authorised reprint.

## Dates shown on reprints

**Reprints dated at last amendment** All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

**Replacement reprint date** If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

# Nature Conservation (Macropod Harvest Period 2009) Notice 2008

[reprinted as in force on 1 January 2009]

## 1 Short title

This notice may be cited as the *Nature Conservation (Macropod Harvest Period 2009) Notice 2008*.

## 2 Commencement

This notice commences on 1 January 2009.

## 3 Macropods to which notice applies

This notice applies to the following species (each a *harvest macropod*)—

- (a) eastern grey kangaroo (*Macropus giganteus*);
- (b) red kangaroo (*Macropus rufus*);
- (c) common wallaroo (*Macropus robustus*).

## 4 Definitions

In this notice—

***additional weight***, for each prescribed part of a harvest macropod, means the additional weight stated in schedule 1, column 2 opposite the prescribed part of the macropod stated in schedule 1, column 1.

***conservation plan*** means the *Nature Conservation (Macropod) Conservation Plan 2005*.

***dress***, a harvest macropod—

- (a) means—
  - (i) to skin the macropod; or

[s 5]

---

- (ii) to remove the head, paws, tail or an internal organ of the macropod; but
- (b) does not include to process the macropod.

**fully dressed**, in relation to a harvest macropod, means a harvest macropod with all of the following parts removed—

- (a) the head;
- (b) the viscera;
- (c) each of the forelimbs, from the elbow joint;
- (d) the foot of 1 hind limb, from a point below the tarsal joint;
- (e) the hind limb, other than the hind limb mentioned in paragraph (d), from a point on the tibia midway between the knee and ankle joints;
- (f) the tail, not more than 160mm from a point where the underside of the tail joins the body in the external urogenital area.

**harvest macropod** see section 3.

**prescribed part**, of a harvest macropod, means a part of the macropod stated in schedule 1, column 1.

**relevant region**, for a harvest macropod, means each region mentioned and described in schedule 2 for the macropod.

**viscera** means all of the contents of the abdominal and thoracic cavities.

## 5 References to particular areas

In schedule 2—

- (a) a reference to the area of a former shire named in the schedule is a reference to the area that, immediately before 15 March 2008, was the area of the local government of that name; and
- (b) a reference to transferring area B is a reference to transferring area B under the *Local Government Act 1993* as that Act was in force on 10 August 2007.

*Note—*

See the *Local Government Act 1993*, section 159YD.

## 6 Harvest period for harvest macropods

- (1) A harvest period for a harvest macropod starts, for each relevant region for the macropod, on 1 January 2009 and ends at the end of—
  - (a) if the chief executive has published a notice stating the chief executive is satisfied that, for the year, the relevant maximum amount for the macropod for the region will have been taken by a particular day—the particular day;
  - (b) otherwise—31 December 2009.
- (2) A notice mentioned in subsection (1)(a) must be published—
  - (a) in a newspaper circulating generally in the State; and
  - (b) on or before the day the harvest period ends.

*Editor's note—*

A copy of a notice published under this section may be inspected on the agency's website.

- (3) If the chief executive publishes, or intends to publish, a notice mentioned in subsection (1)(a) for a harvest macropod, the chief executive must also give each holder of a macropod harvesting licence for the macropod a written notice stating—
  - (a) the chief executive is satisfied that the relevant maximum amount for the macropod for a relevant region will have been taken by a particular day; and
  - (b) the harvest period for the macropod for the region ends at the end of that day.
- (4) The chief executive must give the notice mentioned in subsection (3) at least 7 days before the day the harvest period ends.
- (5) In this section—

*estimated population size*, for a harvest macropod, for a relevant region for the macropod, means the population size

[s 6]

---

estimated by the chief executive for the macropod for the relevant region for 2009.

***macropod harvesting licence*** means—

- (a) a commercial wildlife harvesting licence for macropods;  
or
- (b) a recreational wildlife harvesting licence for macropods.

***relevant maximum amount*** means—

- (a) for an eastern grey kangaroo—
  - (i) for the central region for the kangaroo—15% of the estimated population size for the kangaroo for the region for the year; or
  - (ii) for the eastern region for the kangaroo—10% of the estimated population size for the kangaroo for the region for the year; or
  - (iii) for the western region for the kangaroo—there will be no take in that region; or
- (b) for a red kangaroo—
  - (i) for the central region for the kangaroo—19% of the estimated population size for the kangaroo for the region for the year; or
  - (ii) for the eastern region for the kangaroo—10% of the estimated population size for the kangaroo for the region for the year; or
  - (iii) for the western region for the kangaroo—10% of the estimated population size for the kangaroo for the region for the year; or
- (c) for a common wallaroo—
  - (i) for the central region for the wallaroo—15% of the estimated population size for the wallaroo for the region for the year; or
  - (ii) for the eastern region for the wallaroo—10% of the estimated population size for the wallaroo for the region for the year; or

- (iii) for the western region for the wallaroo—10% of the estimated population size for the wallaroo for the region for the year.

**7 Minimum area for skin of harvest macropod taken for skin only**

For section 12(2) of the conservation plan, the minimum area for the skin of a harvest macropod taken for its skin only is 0.41m<sup>2</sup>.

**8 Minimum weights for carcass of harvest macropod taken for meat only or meat and skin**

For section 13(2) of the conservation plan, the minimum weight for the carcass of a harvest macropod taken for its meat only or for both its meat and skin is—

- (a) for the minimum whole weight—20kg; and
- (b) for the minimum dressed weight—
  - (i) if the macropod is fully dressed—13kg; or
  - (ii) otherwise—13kg plus the additional weight for each prescribed part of the macropod that is in, on or attached to the macropod.

**9 Expiry**

This notice expires on 31 December 2009.
