Clause 5 establishes the Victorian Dairy Industry Authority as a body corporate with power to acquire, hold and dispose of personal property and real property.

Clause 6 lists the objects of the Authority which are :

Clause 7 provides that subject to the Act, and subject to the general direction of the Minister, the Authority has power to do all things necessary or convenient to be done for or in connexion with the pursuit of its objects.

Clause 8 constitutes the Authority with a membership of six persons appointed by the Governor in Council and nominated by the Minister of whom—

- (a) two shall be representatives of dairy farmers ; and
- (b) two shall be representatives of manufacturing, processing and distributing interests.

The persons nominated in respect of categories (a) and (b) shall be nominated by the Minister after consideration of panels, each of not less than three names, and not more than five names submitted to him at his invitation by the body or bodies which, in his opinion, represent the appropriate interests.

Clause 13 provides that the Chairman and each member of the Authority shall be paid such remuneration and such travelling and other allowances as are from time to time fixed by the Governor in Council.

This Clause also provides power for the Authority to insure a member who is not an officer within the meaning of the *Superannuation Act 1958* against accidents or sickness arising out of or in the course of the performance of his duties as a member.

Clause 14 provides that the Governor in Council may remove a member from office and sets out circumstances under which an extraordinary vacancy may arise. A person appointed to fill an extraordinary vacancy will be nominated by the Minister from the same category as the previous holder of that office if the previous holder was so nominated and will hold office for the remainder of the term of office of his predecessor and shall be eligible for re-appointment if he is then qualified.

Clause 15 relates to the chairmanship of meetings of the Authority and specifically provides that a question arising at a meeting of the Authority may be determined by a majority of votes. The Chairman of the meeting will have a deliberative vote as well as a casting vote. A question shall not be determined at a meeting unless at least four members, including either the Chairman or the Deputy Chairman, are present.

Clause 16 provides that the Authority shall appoint a General Manager and a Secretary to the Authority and such other officers and other employees as are necessary. Subject to the general direction and control of the Authority the general manager will be responsible for the administration of the undertakings of the Authority. No officer or employee of the Authority appointed or employed by the Authority shall be subject to the *Public Service Act 1974*.

Clause 17 safeguards the rights of an officer of the Public Service appointed to the Authority to re-employment in the Public Service in the event of his office under the Authority being discontinued and safeguards his rights to superannuation under the *Superannuation Act 1958* while a member or officer of the Authority. This Clause also inserts an amendment to the *Local Authorities Superannuation Act 1958* to include the Victorian Dairy Industry Authority under that Act.

Clause 18 provides that a Fund is to be established to be known as the "Victorian Dairy Industry Authority Fund" into which will be paid all the income of the Authority, including all moneys standing to the credit of the Milk Board Fund on the 1st July, 1977. This Clause provides for the payment at the rate of \$55 per litre of the contract quantity surrendered before the 1st July, 1977 as compensation for the effect of the surrender of the milk contract on the capital value of the land and plant to which the milk contract related. After the 30th June, 1977 the amount of compensation will be reduced by \$5.50 per litre of the milk contract each year, or part of a complete year which has elapsed between the 30th June, 1977, until the date of surrender.

Provision has been written in Clause 25 to give the Authority power to determine how the compensation shall be apportioned between the owner of the land, the lessee or the licensee when the parties cannot agree.

Clauses 26 and 27 provide the procedures by which the holder of a milk contract or the owner of the land to which the contract relates who has surrendered his milk contract is of the opinion that the effect of the surrender of the milk contract on the capital value of the land and plant used in relation to the contract is greater than the amount of compensation that is payable under Clause 25 may apply to the Valuer-General to determine the amount by which the value of the land and plant used in relation to the milk contract shall diminish by the surrender of the Milk contract. Where the amount determined by the Valuer-General is greater than the amount payable as compensation the authority shall pay to the dairy farmer the amount by which the determination of the Valuer-General exceeds the amount payable as compensation.

Clause 28 provides that the Authority shall pay to the dairy farmer who delivers and sells milk to the Authority in accordance with his milk contract such amount for the daily contract quantity as determined by the Authority from time to time.

Clause 29 provides that compensation must be paid on or before the 30th September, 1977 or within ninety days of the surrender of the milk contract by the Authority whichever last occurs. Where compensation is not so paid interest will be payable on the compensation at the rate of 10 per cent. per annum until the date of payment.

Clause 30 gives power to the Governor in Council on the recommendation of the Authority by proclamation to declare that as from the date specified in the proclamation, there shall vest in, and become the property of the Authority all milk produced and supplied in any area specified in the proclamation. Clause 31 provides that all milk vested in the Authority shall, except where otherwise provided by the proclamation, be delivered to the Authority in accordance with the provisions of the Clause.

Any milk delivered to and accepted by the Authority may be disposed of by the Authority to such persons in such manner for such purpose and upon and subject to such terms and conditions as the Authority may determine.

Clause 37 places a duty on the Authority to review the dairying Acts and any other Act or Acts relating to the dairying industry in Victoria and to recommend legislative and administrative changes that are necessary or expedient to enable the objectives of the Authority to be achieved. The Authority is required to submit its report to the Minister not later than the 31st December, 1977 unless a later day is determined by the Minister.

This Clause also requires the Authority, after making the required provisions, to distribute among all Victorian dairy farmers supplying milk in Victoria to standards specified by the Authority, except the holders of milk contracts, in proportion to the quantity of milk delivered by each of them to the Authority, dairies, milk depots or factories during the last preceding month, so much of the balance, if any, of such proceeds as the Authority may determine to be available for distribution.
