Approved by the Governor in Council the 8th November, 1904.

ROBERT S. ROGERs,

Clerk of the Executive Council.

November 9, 1904

Water Act.

REGULATIONS.—CERTIFICATES AS ENGINEERS OF WATER SUPPLY, VICTORIA.

THE Governor of the State of Victoria, by and with the advice of the Executive Council thereof, has repealed, in accordance with the provisions of the Water Acts, the Rules for making and giving for the granting of Certificates to, and the examination of, persons desirous of obtaining Certificates as Engineers of Water Supply, Victoria, made on the 10th day of October, 1892, and published in the Government Gazette of the 14th October, 1892, and has approved of the subjoined Regulations, made and published in lieu of the Regulations of the 10th October, 1892, aforesaid.

GEORGE SWINBURN,

Minister of Water Supply.

Department of Water Supply, Melbourne, 24th October, 1904.

REGULATIONS.—CERTIFICATES AS ENGINEERS OF WATER SUPPLY, VICTORIA.

As intending candidate must give notice, in writing, of his intention to present himself for examination, and must forward to the Board of Examiners for Engineers of Water Supply documentary evidence that he is eligible under one of the following preliminary conditions. Upon his application being approved, he shall pay the prescribed fee of Three pounds three shillings sterling (£3.3s.) into the Treasury, Melbourne, or into a Receipt Office, and forward the receipt for same to the Secretary to the Board.

PRELIMINARY CONDITIONS.

I. A candidate must be a member, or an associate member, of the Institute of Civil Engineers of London, or must hold the degree of certificate of engineer, or make of engineering, of one of the Universities of the Australian States or New Zealand, or of one of the Universities of Great Britain and Ireland, or of some university whose degrees are recognised by the University of Melbourne, and whose graduates are admitted by it ad eundem graduem.

2. Or he must produce evidence satisfactory to the Board that he has been properly educated and trained for the profession of a civil engineer, and that he has been engaged for not less than two years, exclusive of any period of training or pupilage, in the active practice of the profession, and that one year at least of such practice has been in connexion with hydraulic works demanding the exercise of technical knowledge and skill.

QUALIFICATIONS.

I. Candidates whose applications have been approved under preliminary condition 1 will be required to show, to the satisfaction of the Board, that they have been employed for not less than five years in some responsible professional capacity in the design, construction, and superintendence of hydraulic works, and that the works carried out by them have been of a successful and satisfactory character.

II. Candidates whose applications have been approved under preliminary condition 2 shall be required to pass an examination in the following subjects:

SUBJECTS OF EXAMINATION.

1. Surveying.

Topographical surveying.

Engineering trial surveys.

Permanent engineering surveys, including the setting out of work.

2. Quantities surveying.

Note—Candidates who have obtained the certificate of the Board of Examiners for Land Surveyors, or of the Board of Examiners for Mining Surveyors in Victoria, or who have obtained the degree of Master of Civil Engineering (M.C.E.) in the University of Melbourne, will be exempt from the examination in surveying.

Strength of materials; co-efficients of strength; production and transmission of strains in structures; general laws of statics; principles of dynamics; factors of safety in strength and in stability.

* Inserted in lieu of the Regulations on page 351 of the Gazette of 2nd November, 1904, so as to substitute · meaningful instead of " or " in the last line of Preliminary conditions, No. 2, and " water-sheds" instead of " waters' beds" in Hydraulic Engineering, No. 3.
