

RESERVES AND OTHER LANDS DISPOSAL BILL, 1946

EXPLANATORY NOTES

Clause 2: Cancelling the reservation as a site for an old men's home over certain land in the Borough of New Plymouth and vesting the said land in the Taranaki Hospital Board (file L. and S. 6/8/74).—An area of slightly over $1\frac{1}{2}$ acres fronting Fulford and Dawsons Streets, New Plymouth, is vested in the Taranaki Hospital Board in trust as a site for an old men's home by the New Plymouth Hospital Exchange Act, 1903. The land has not for many years been used for the purpose for which it is vested as the Board has established an old men's home on another property. The area is actually part of the main hospital-site at New Plymouth, and the Hospital Board wishes to have the reference to an old men's home removed from the title. This clause therefore cancels the reservation for an old men's home and vests the land outright in the Taranaki Hospital Board.

Clause 3: Cancelling the reservation over an area of primary-education endowment and declaring it to be subject to Part I of the Housing Act, 1919 (file L. and S. 30/228/82).—The land dealt with in this clause is a quarter-acre residential section which is reserved as an endowment for primary education, and is situated in Winton Borough. It is suitable for housing purposes and adjoins an area already acquired by the Housing Department. The Education Department has approved of the land being taken over for housing purposes at a valuation which has already been agreed upon. The clause accordingly cancels the existing reservation as an endowment for primary education and declares it to be set apart for housing purposes under and subject to Part I of the Housing Act, 1919.

Clause 4: Cancelling the reservation over certain education-endowment lands in the North Auckland and Otago Land Districts and setting them apart as permanent State forests (files L. and S. X/91/46, 21/149/2544, X/100/35).—The land dealt with in this clause comprises four areas of education-endowment land in the North Auckland and Otago Land Districts. Two of these areas are reserved as primary-education endowment and the other two are secondary-education endowments. The areas in the North Auckland Land District comprise 66 acres 3 roods 16 perches of primary endowment and 74 acres 2 roods 16 perches of secondary endowment. They are situated about nine miles north of Whangarei and form portion of a compact block of over 600 acres, the balance of which has been acquired for afforestation purposes. The areas were formerly used for farming and were abandoned, but they are quite suitable for tree-planting, and it is desirable that they should be used for this purpose.

In the Otago Land District the lands affected comprise 281 acres 3 roods 33 perches of primary endowment and 145 acres 2 roods 4 perches of secondary endowment. The first-mentioned area lies into a block of land acquired as an addition to Berwick State Forest and with it forms a suitable block. It is situated about nine miles from Clarendon Railway-station, which is some thirty miles south of Dunedin, and is broken country only suitable for afforestation. The secondary-endowment area is in Block VIII, Akatore Survey District, some six miles east of Milton. The land is poor and not suitable for farming, but trees planted in the district have shown good growth. The freehold lands adjoining have been acquired for forestry purposes. It is desirable that all this endowment should be dealt with in the same manner, and the clause therefore cancels the existing reservation and declares the land to be set apart as permanent State forest under and subject to the Forests Act, 1921-22

Clause 5: Vesting a public recreation-ground and racecourse at Martinborough in the Corporation of the County of Featherston, and vesting public recreation reserves in the Corporation of the Borough of Martinborough. (file L. and S. 1/885).—An area of slightly over 100 acres at Martinborough is vested in three trustees as a public recreation-ground and racecourse for the people of the township and surrounding district subject to a deed of trust dated 18th February, 1913. Under the deed of trust the trustees have powers of mortgage and lease, the proceeds to be used in carrying out improvements on the land, but they have not the power to sell. The property has not so far been required by the public as a recreation reserve, nor has it been used as a racecourse for many years. It has been leased by the trustees for farming purposes. From accumulated revenue the trustees acquired an area of 13 acres in Martinborough in June, 1927, for recreation purposes and drew up a deed of trust in connection with it. As the purchase was outside their powers it was validated by section 11 of the Reserves and other Lands Disposal Act, 1928. In 1933 the trustees had again accumulated considerable revenue, and they were, by section 11 of the Reserves and other Lands Disposal Act, 1933, granted wider powers of expending such funds on improvement of lands held by them and, with the consent of the Minister of Lands, they were empowered to purchase other land to be held on such trusts as the Minister might determine. In terms of this latter authority a further area of $7\frac{1}{2}$ acres in Martinborough was purchased for a public recreation reserve. The trustees now consider that on account of the necessity from time to time of appointing new trustees and the expense this involves it would be better to have some permanent body to control the land and revenues. The Featherston County Council has consented to accept the vesting of the area of slightly over 100 acres subject to the existing deed of trust. This area is within the County boundaries. The Martinborough Borough Council is willing to accept vesting subject to the existing trust of the areas of 13 acres and $7\frac{1}{2}$ acres respectively, which are both within the borough boundaries. The area of slightly over 100 acres is used mainly for grazing, except for use on occasional days each year for sports gatherings. The 13-acre area is the Martinborough Rugby Ground and the $7\frac{1}{2}$ -acre portion adjoins it, but is only used for grazing purposes at present. There seems to be no objection to these lands, which are essential for public use, being held in the manner suggested by the local bodies, who would administer them in terms of Part I of the Public Reserves, Domains, and National Parks Act, 1928.

The trustees now hold funds amounting to approximately £300, representing further accumulations of revenue. They consider that, having regard to the manner in which this revenue has been accumulated, a fair and just apportionment of the present funds would be £100 to the areas of 13 acres and $7\frac{1}{2}$ acres, and the balance to the area of slightly over 100 acres. The Featherston County Council and the Martinborough Borough Council are willing to accept an allocation of the funds on this basis.

Clause 6: Cancelling the reservation over certain education-endowment land in the Hawke's Bay and Wellington Land Districts, and declaring it to be Crown land set apart under the Small Farms Act, 1932-33 (files L. and S. 36/1531 and 36/1496).—The lands dealt with in this clause comprise:—

(a) An area of 985 acres of primary-education endowment in Block IV, Patoka Survey District, some 29 miles south-west of Napier. The area was held on lease under the Public Bodies' Leases Act, 1908, and the Crown purchased the leasehold interest in August, 1945. The land has always been worked in conjunction with an adjoining freehold block as one farm unit. This freehold has also been taken over by the Crown for the settlement of ex-servicemen and has been resubdivided for closer settlement as Hendley Farm Settlement. The education endowment now forms part of four subdivisions. If the reservation is retained, two types of tenure will have to be issued over each subdivision. It is desirable that one type of lease only should be given over each holding, and the clause therefore cancels the existing reservation and declares the land to be Crown land subject to the Small Farms Act, 1932-33.

(b) Two areas containing 98 acres 1 rood and 7 acres 1 rood respectively of primary-education endowment in Block VIII, Hautapu Survey District, near Mangaweka. These two areas formed part of a larger endowment of 925 acres that was also held under lease which expired 30th June, 1940. It was clear that the whole block was suitable for subdivision and the lease was not renewed, the lessee being paid for the value of his improvements. The Crown in 1944 purchased an area of 1,068 acres of freehold land adjoining the endowment, and the two blocks were amalgamated and subdivided into four sheep-farms for the settlement of ex-servicemen. These four farms now comprise the Awarua Farm Settlement. Two of the subdivisions are entirely composed of education endowment. One of the others is largely land subject to the Small Farms Act, 1932-33, but it contains a piece of education endowment, being the area of 98 acres 1 rood referred to. It is desirable that this subdivision should be disposed of on one type of lease over the whole area, and the clause provides for this by cancelling the existing reservation and bringing the land under the Small Farms Act, 1932-33. The smaller area of 7 acres 1 rood is the balance of the block of 985 acres, and the Crown has undertaken to provide the former owner of the freehold block with a homestead-site and suitable access to the residue of his holding which adjoins this small area. Consequently, it is necessary to cancel the reservation over it also and bring it under the Small Farms Act, 1932-33.

Clause 7: Revoking the reservation over a recreation reserve in the Borough of Oamaru and authorizing the Oamaru Borough Council to subdivide and sell the said land (file L. and S. 6/1/397).—Block 96, Town of Oamaru, is a triangular-shaped piece of land situated in the south-west of the Oamaru Borough with its principal frontage to Severn Street. By the Oamaru Reserves Management Ordinance, 1875, the area was authorized to be vested in the Corporation of the Town of Oamaru in trust for recreation purposes, and the Superintendent of the Province of Otago was empowered to perfect such transfer, but this was not done, and the title now appears in the name of the Crown. The area is a grass paddock, and the Oamaru Borough Council now wishes to subdivide it, erect dwellings on the lots of the subdivision, and sell them preferably to ex-servicemen. Steps are being taken by the Council to raise the necessary finance for erection of houses. It is desirable to cancel the existing reservation and vest the land in the Borough Council and give the Council power to subdivide and sell the various lots. The value of the land is to be fixed by the Valuer-General, and an equivalent sum is to be paid by the Council into a special account and applied either in the purchase of other land for recreation purposes or in the improvement of existing reserves. The clause cancels the existing reservation and vests the land in the Council, which is also authorized to subdivide and sell it either for cash or on terms.

Clause 8: Authorizing the Hastings Borough Council to sell a library-site and to use the proceeds of such sale towards the erection of a new library building (file L. and S. 22/3630/105).—An area of $\frac{1}{4}$ acre in Market Street, Hastings, is held by the Hastings Borough Council upon trust for library purposes. The Hastings library building was at one time erected on it, but was destroyed in the earthquake on 3rd February, 1931. The Council has a new scheme which is known as the community centre scheme, part of which is that a new library building be erected on a site in Karamu Road in a different quarter of the town. The Council therefore desires to sell the Market Street site and apply the net proceeds of sale towards the cost of erection of a new library when building restrictions are eased. The clause therefore empowers the Hastings Borough Council to sell the Market Street site and apply the net proceeds towards the cost of erection of a new library building.

Clause 9: Authorizing the Waihi Borough Council to transfer certain land by way of gift to the Waihi Agricultural and Pastoral Association, Incorporated (file L. and S. 56513).—By section 21 of the Reserves and other Lands Disposal and Public Bodies Empowering Act, 1913, an area of 28 acres 3 roods 14 perches at Waihi was vested in the Waihi Borough Council in trust as a site for a municipal abattoir, subject to a proviso that the land should be available for mining at a depth below 50 ft. from the surface. In 1933 the Council was empowered by section 4 of the Reserves and other Lands Disposal Act, 1932-33, to sell part of the abattoir-site containing 8 acres 2 roods 33·6 perches to an adjoining owner, and this sale has been completed. The Borough Council in 1936 acquired from the Crown an area adjoining the abattoir-site containing 8 acres 2 roods 5·5 perches, but this land is not vested in the Council for any particular purpose. For many years past a piece of the abattoir-site comprising a little over 5½ acres and the whole of the 8 acres 2 roods 5·5 perches purchased from the Crown in 1936 have been used rent-free by the Waihi Agricultural and Pastoral Association, Incorporated, as a showgrounds-site. All the improvements on these two portions have been effected by the Agricultural and Pastoral Association, and the Borough Council desires to encourage the association's activities and thus help the fairly large farming community in and around the town. Waihi is a mining town, but there are considerable farming interests in the district, of which it is the centre. The annual agricultural and pastoral show is now an annual feature which attracts interest from a large surrounding area. To assist the association the Council desires to transfer both the areas occupied by it by way of gift, and as it has not the power to do this the clause cancels the reservation for a site for a municipal abattoir over the portion thereof containing 5½ acres and authorizes the Council to transfer it, freed from the existing trusts, together with the piece of land containing 8 acres 2 roods 5·5 perches, and without consideration, to the Waihi Agricultural and Pastoral Association, Incorporated, as a site for a permanent showground.

Clause 10: Cancelling the reservation for the purpose of a recreation reserve and motor-camp site in the Borough of Otaki and authorizing the sale thereof (file L. and S. 1/1147).—An area of a little over 15 acres of land was donated to the Otaki Borough Council some years ago for the purposes of a recreation reserve and motor-camp site. The area is beach sandhills and the Council has never been in a position to develop the whole area and use it for the purpose for which it was given. About a year ago the Council commenced development by levelling part of the land preparatory to roading, but has now expended all its available funds. The donor of the land suggested that the Council should sell the front portions and use the proceeds for the development of the balance. The portion proposed to be sold is a little over 4 acres, leaving about 11 acres (which is considered to be quite adequate) for the motor camp.

This clause authorizes the sale and further gives the Council power to spend the proceeds on the development of the balance of the recreation reserve and motor-camp site.

Clause 11: Cancelling the vesting of an area of land at Johnsonville in the Johnsonville Town Board and vesting the said land in the Education Board of the District of Wellington for a site for a kindergarten (file L. and S. 1913/1457).—Pursuant to the provisions of the Johnsonville School Reserve Act, 1898, an area of ½ acre at Johnsonville was vested in the Johnsonville Town Board for the purposes of a common school at Johnsonville, subject to all laws and regulations relating to such schools in the Provincial District of Wellington. By the Johnsonville School Reserve Amendment Act, 1900, the Town Board was authorized to apply all rents and income on erection of buildings, &c., on such land or towards the erection of school buildings on other land in Johnsonville or for education purposes, such purposes being defined

in the Amendment Act. The Town Board has now agreed with the Wellington Education Board to vest without consideration portion of the reserve in the Education Board for a site for a kindergarten. The Town Board has no power to use the land for a kindergarten site or to transfer it to the Education Board for such purpose. The proposal has been referred to the Minister of Education, who has approved, and the clause therefore cancels the vesting of the portion of the school reserve concerned in the Johnsonville Town Board and vests it in the Wellington Education Board for a site for a kindergarten.

Clause 12: Authorizing the Rotorua Borough Council to receive a certain sum as compensation for portion of a reserve taken for a fire-station and to expend such sum on acquisition of other land for recreation purposes (file L. and S. 22/3455).—By an Order in Council dated 21st December, 1927, a reserve for a site for municipal buildings, containing an area of a little over 5 acres, situated in the Borough of Rotorua, was vested in the Rotorua Borough Council, the Order in Council being published in the *New Zealand Gazette* of the 12th January, 1928. In 1944 a portion of this reserve, containing 2 roods, was, with the consent of the Borough Council, taken under the Public Works Act, 1928, for a fire-station, and now vests in the Rotorua Fire Board. The Fire Board now desires to acquire another portion of the reserve situated alongside the piece acquired in 1944, and this extra area also contains 2 roods. It will be used eventually as sites for dwellings for volunteer brigadesmen. The Borough Council has agreed to the extra area being taken on the understanding that the Fire Board pays £500 as compensation for it, and the Council wishes to use this money on the acquisition and development of other land for recreation purposes. Normally the compensation moneys require to be paid to the Public Trustee and would be applied as directed by an order of the Supreme Court. The clause therefore authorizes payment of the compensation-moneys by the Fire Board direct to the Borough Council, which is also authorized to expend such moneys on the acquisition of other land for recreation purposes.

Clause 13: Cancelling the vesting of portion of a reserve for a public park, recreation-ground, and botanical gardens in the Corporation of the City of Palmerston North, revoking the reservation, and vesting it in the board of governors of the Palmerston North High School (file L. and S. 1/1158).—Section 4 of the Wellington Reserves Act 1876 Amendment Act, 1877, authorized the issue of a Crown grant to the Palmerston North Borough (now City) Council over an area of 340 acres in the borough for a public park and recreation-ground and botanical gardens. Since then the local body has obtained special leasing-powers over portions of the area, and part of it, containing 6 acres, in 1919 was vested outright in the board of governors of the Palmerston North High School, and at present the Girls' High School is erected on this 6-acre piece. Adjoining it is a portion of about $1\frac{1}{2}$ acres which is part of the original reserve of 340 acres and is still vested in the City Council. This area has been leased for some years past to the board of governors, but it has no access from a street and is in poor grass. The Board desires to erect a hostel, for which the $1\frac{1}{2}$ acre piece is ideal. The present high-school grounds are fully occupied by buildings and playing-areas, and there is no space on them for erection of a hostel. The City Council is willing to donate the $1\frac{1}{2}$ acres to the Board for this purpose, and the clause cancels the existing vesting and reservation and vests it in the Board for a hostel-site. This area is definitely not required for recreation purposes.

Clause 14: Cancelling the reservation over certain education-endowment land in the Nelson Land District and setting it apart under Part III of the Coal-mines Act, 1925 (file L. and S. 20/990).—An area of primary-education-endowment land in the Reefton Township, containing 1 acre and 10 perches, is required by the Mines Department for

the erection of staff houses as a result of operations being undertaken by the Department in that locality. The land is not occupied on permanent tenancy and is quite suitable for residential purposes. Houses will be erected out of moneys provided from the State Coal-mines Account, and it is desirable that the land should be made subject to the provisions of the Coal-mines Act, 1925. The clause therefore cancels the existing reservation and declares the land to be Crown land set apart under Part III of the Coal-mines Act, 1925. The Education Department has no objection to the proposal.

Clause 15 : Validating a certain deed affecting land in the Borough of New Plymouth (file L. and S. 13/219).—The Crown in 1945 acquired by agreement under the Public Works Act, 1928, the leasehold interest in an area of 22.46 perches fronting Egmont, King, and Ariki Streets, New Plymouth, on which is situated a building formerly known as "Harts Buildings." The building is now used for accommodation for the Social Security Department, and the purchase was negotiated on the understanding that the Crown would surrender its interest in the lease to the New Plymouth Borough Council on certain terms when the Crown had no further use for the premises. The Borough Council wishes to acquire the leasehold interest (it already owns the fee-simple) as part of a long-range plan for the acquisition of a block for a site for public buildings. A deed dated 15th March, 1946, was entered into by the Minister of Works, acting on behalf of the Crown, and the Council setting out, *inter alia*, terms under which the Crown's interest could be acquired by the Council and providing for payment meantime by the Crown of a nominal rental annually. There is no expressed statutory authority covering the transaction and it is desirable to validate it. The clause therefore declares the aforesaid deed dated 15th March, 1946, to be valid and binding in all respects and the parties to it are deemed to have acted with full power and authority.

Clause 16 : Adding land to the M. J. Savage Memorial Park and Orakei Domain (file L. and S. 22/43/8).—In 1941 an area of about 18 acres at Bastion Point, Auckland, was constituted as the M. J. Savage Memorial Park. On it is situated the burial-ground of the late Right Hon. Mr. Savage, but the actual site of the burial-ground is excluded from the Orakei Domain, of which the balance of the 18 acres forms part, and the park, exclusive of the burial-ground, is under the control of the Auckland City Council in its capacity as the Orakei Domain Board. Lying to the south of the existing park is Crown land which it is desirable to set apart as an addition to the park lands and to the Orakei Domain. This area of Crown land is ideally situated for a children's playground and open reserve. A small piece of privately owned land containing 1 acre lies into the Crown block, and this piece is being acquired for recreation purposes under the Public Works Act, 1928, to enable the whole area of Crown and freehold lying between the existing park and a proposed school-site to be permanently set aside as a public domain and preserved for public use for all time under the name of the M. J. Savage Memorial Park. The clause therefore declares an area of approximately 20 acres of Crown land to be a recreation reserve, adds it to the Orakei Domain and to the M. J. Savage Memorial Park, and makes provision for similar action to be taken in respect of the acre now privately owned, and enables the addition of other areas to the park by Order in Council should this be desirable.

Clause 17 : Cancelling the reservation over a recreation reserve in the Karangahape Parish and reserving it for water-conservation purposes and vesting the said land in the Corporation of the City of Auckland (file L. and S. 1/552).—An area of slightly over 248½ acres of recreation reserve is situated in the Waitakere Ranges, near Auckland. This area has never been used for recreation and lies into a large adjoining area owned by the Auckland City Council and used for water-conservation purposes. The recreation reserve is a source of several streams which feed the Huia Reservoir, which is only about a quarter of a mile from it. The Auckland City Council

wishes to have the land added to its water-conservation holdings, and this seems desirable. The clause cancels the reservation for recreation purposes and declares the land to be a reserve for water-conservation purposes and vested in the Auckland City Council, with the proviso that if at any time it is not required for water-conservation purposes, then it is to revert to the Crown for a recreation reserve.

Clause 18: Authorizing the Christchurch City Council to sell and lease portions of a municipal reserve (file L. and S. 6/1/523).—The land to which this section relates, containing 30 acres, is held in trust by the Corporation of the City of Christchurch for municipal purposes of the city without power of sale.

By Part XVI of the Municipal Corporations Act, 1933, no lease of such land may be for a longer term than one year unless sold by public auction or public tender, save (as refers to this particular reserve) in respect of any lease that shall be issued pursuant to section 13 of the Reserves and other Lands Disposal Act, 1933. This section empowered the City Council to lease part of the area comprising 15 acres for a term of thirty years for the purpose of establishing a soldiers' and sailors' settlement, the lease to be in favour of the Christchurch Returned Soldiers' Association, Incorporated (now the Christchurch Returned Services' Association, Incorporated). The rental is a nominal one, but no formal lease has ever been signed in terms of this authority. The City Council has, however, permitted the Returned Services' Association to erect houses on a part of the land affected by section 13. The Council has also from its own resources erected single- and double-unit houses on other parts of it and now desires to dispose of these dwellings. The subdivision of the reserve for these purposes has involved the construction of streets, installation of sewerage, storm-water drainage, and other amenities. Legislation is necessary to amend section 13 aforesaid by making it applicable to only part of the land originally intended and is also necessary to enable the Council to sell the single-unit houses and to lease each unit in the double-unit dwellings. Statutory authority is also required to validate the subdivision as a whole and to facilitate the legalization of the streets.

The clause as drawn up provides the statutory authority for these requirements. The area referred to is situated at Sandilands, Christchurch.

Clause 19: Authorizing the Hurunui Rabbit Board to sell certain lands and directing the application of the proceeds of sale thereof (file L. and S. 6/1/453).—By an Order in Council dated 19th August, 1929, and published in *Gazette*, No. 58, of the 22nd August, part of Reserve 286, Canterbury Land District, situated some ten miles north-west of Hawarden, was vested by the Crown in the Hurunui Rabbit Board as a site for buildings of the said Board. At the time of vesting, the Rabbit Board was a fencing authority as well as a Rabbit Control Board, and the site at that time was most suitable for the then residence of the Rabbit and Fencing Inspector. Now the Board is a rabbit-control body only, and it is more convenient that the Rabbit Inspector's residence should be situated at Hawarden, and the present site is no longer suitable. Acting under the mistaken impression that it had power to sell the area, the Board in good faith disposed of it, and the sale received the consent of the Land Sales Court on the 19th of July last. The Board since then became aware that it had no power to sell, and now seeks legislative authority to dispose of the land and use the proceeds of the sale for the purchase of land in Hawarden as a site for the Rabbit Inspector's residence. The clause therefore authorizes the Board to sell the land freed and discharged from the existing trusts, reservations, and restrictions, and also empowers them to sign a transfer to the purchaser thereof, and further directs that the proceeds of sale shall be applied in and towards the cost of purchasing other land and buildings by the Board to be held in trust for the same purpose under which the present site is held and subject to the provisions of the Public Reserves, Domains, and National Parks Act, 1928.

Clause 20 : Amending the boundaries of certain land reserved for a school-site in Block XI, Ongo Survey District (file L. and S. 6/6/856).—By a warrant dated 25th December, 1890, and published in *Gazette* No. 1 of 2nd January, 1891, Section 67, Block XI, Ongo Survey District (area, 10 acres and 32 perches), was reserved for a school-site. In 1895 Rewa Village and Village Settlement was laid off, and the boundaries of Section 67 were altered without the necessary formalities having been completed to validate such alteration. The lands actually laid off as sections in the village and settlement included portions of the school-site as originally reserved. The amended boundaries of Section 67 also included a piece of Crown land which had never been reserved as a school-site. The error was only recently discovered, and as leases and titles in terms of the amended boundaries have been issued, and such amendments are quite satisfactory to all the parties concerned, it is desirable to validate the amended boundaries of Section 67 and the lease issued as a result of such amended boundary over Section 6, Rewa Village Settlement, and the certificates of title over Sections 8 and 9, Rewa Village. The clause therefore brings about such amendment by cancelling the original reservation over Section 67 and substitutes in lieu thereof a reservation over the said section, but with the boundaries amended having regard to the lands laid off as sections of Rewa Village and Rewa Village Settlement.

Clause 21 : Effecting the exchange of certain areas of land between the Corporation of the City of Wellington, and certain private trustees (file L. and S. 22/4799).—In 1925 the late Mrs. Esther Bell George transferred to certain trustees upon trust for the purposes of the Young Men's Christian Associations of New Zealand an area of land at Silverstream containing 4 acres 2 roods 36 perches, and in 1928 she transferred to the same trustees (to be held upon the same trusts) a further area of 35·2 perches in the same locality. The trustees are not empowered by the deeds of trust to sell the lands to any person or Corporation other than the Corporation of the City of Wellington. The trust lands adjoin other lands held by the Corporation. Small portions of the trust lands are in process of being acquired by the Hutt County Council for roads, and the trustees have arranged with the Wellington City Council to exchange the balance of their lands for other lands of the Corporation at Kaitoke, these latter containing 25 acres and being portion of the areas vested in the City Corporation under the Wellington City and Suburban Water-supply Act, 1927. To effect the exchange the City Corporation requires statutory authority, as also do the trustees. The clause accordingly effects the exchange and declares the land being received by the trustees to be subject to the same trusts as are set out in the deeds of trust affecting the areas vested in them by the late Mrs. George.

Clause 22 : Closing certain roads in the Waipawa Survey District, Wellington Land District, and declaring certain lands to be legal roads, and validating the issue of certain leases and a certificate of title (files L. and S. 16/2533, 21/218).—Tuturumuri Settlement is situated some 34 miles south-east from Featherston. It was subdivided for settlement in 1920, but the survey made for subdivision purposes did not have regard to certain legal, though unformed and unused, roads, which should have been closed before being included in some of the sections. Nor were steps taken to legalize portions of the land used for roads. The legal roads now included in the sections which should have been closed contain almost $10\frac{1}{2}$ acres, and the lands which should have been legalized as roads contain about $9\frac{1}{4}$ acres. To put the leases granted over portions of Tuturumuri Settlement and a certificate of title issued in respect of part of it in order, action is desirable to close the roads included in the sections and legalize as road the portions now shown as road, but which are not now legal, such action to be retrospective to 13th April, 1920, which was the date of approval of the plan of the subdivision by the Chief Surveyor. The clause accordingly closes the roads included in the sections of the settlement, legalizes the portions of the roads in use, but which are now not legal, and validates the leases and the certificate of title already issued.

Clause 23 : Authorizing the sale of the Ngatimoti Public Hall Reserve and directing the application of the proceeds thereof (file L. and S. 22/3532).—The area of land known as the Ngatimoti Public Hall Reserve contains 37 perches. It is situated rather too far from the centre of the district for convenience. On it is erected the public hall, and the land is vested in trustees subject to a deed of trust dated 1st October, 1927. This deed declares, *inter alia*, that the trustees shall hold the land in trust as and for a public reserve and recreation-ground for the pleasure and benefit of the inhabitants of the district. It does not permit the trustees to sell, mortgage, or exchange the site. A more suitable location for the hall has now been arranged, and the area concerned is being given to the trustees subject to the same trusts as affect the existing site. The trustees seek power to sell this site and to apply the proceeds of sale towards the cost of removing, repairing, and improving the public hall on its new site. The clause therefore authorizes the sale of the existing site and empowers the trustees to devote the proceeds towards the removal of the hall and its repair and improvement. The area affected is situated at Ngatimoti, some 46 miles north-west from Nelson.

Clause 24 : Cancelling the reservation for State forest and scenic purposes over Parts Sections 48 and 62, Block VII, Pohangina Survey District, and constituting them and an area of stopped Government road as the Pohangina Valley Domain (files L. and S. X/95/15, X/95/17).—In 1886 an area of 1,000 acres in the Pohangina Valley was set apart for State forest purposes. Portion containing about 317 acres was sold in 1906, special statutory authority for such sale being obtained. The residue (644 acres by resurvey), save a small area legalized as a road, has remained as State forest. To the north of this block and adjoining it is an area of about 90 acres reserved in 1931 for scenic purposes. A piece of stopped Government road of an area of 16 acres runs through the State forest. The open portions of these areas are used extensively by residents of Palmerston North City and district for picnics and recreation, and the river-flats on the western boundary along the Pohangina River can be developed for camping, picnic, and sports purposes. The Palmerston North City Council wishes to undertake development of the open portions and would also take steps to preserve the bush. The most desirable method of controlling the land is as a public domain under the Public Reserves, Domains, and National Parks Act, 1928. The clause therefore cancels (a) the State forest reservation over the 644 acres, and (b) the reservation for scenic purposes over the 90-acre area, and constitutes both these pieces of land, together with the 16 acres of stopped road, as the Pohangina Valley Domain, and vests the control thereof in the Palmerston North City Council acting as the Pohangina Valley Domain Board. All the lands concerned are situated some twenty-two miles north-east of Palmerston North.

Clause 25 : Conferring on certain lessees and licensees of land in Te Kuiti, Taumarunui, and Otorohanga a right to convert to renewable lease (file L. and S. 7/581/1).—The purchase-price of Crown lands held under lease or license in the Te Kuiti, Taumarunui, and Otorohanga Native Townships is fixed at (a) the purchase-price paid to the Maoris in the first place, plus (b) $2\frac{1}{2}$ per cent. for administration expenses, plus (c) interest from the original date of purchase from the Maoris. This in some instances makes the amount which lessees or licensees have to pay on their deciding to acquire the freehold out of all proportion to the present value of the land. The purport of this legislation is to afford any lessees or licensees an opportunity of converting their leases or licenses to renewable leases under the Land Act, 1924, under which the capital value will be fixed by the Land Board on present-day values. Such renewable leases will carry a right to acquire the freehold in accordance with the provisions of the Land Act, 1924.

Clause 26: Amending certain dealings with respect to lands in Block V, Waitemata Survey District (file L. and S. 13/108/96).—In 1881 a survey was made to give road access to Kumeu Railway-station, some 25 miles north of Auckland. A later survey made in 1883 for the purposes of redefining this access strip did not coincide with the earlier survey. In actual fact it defined a strip of land 1 chain to the east of the original survey. Although the purpose of both surveys was to define road access to the Kumeu Station, a Proclamation was issued in 1883 in terms of the incorrect survey taking the road strip for railway purposes. In 1905 a plan was lodged showing portions of road which had been stopped in 1891. These portions were in fact parts of the railway land taken in 1883. However, in error they were stopped and disposed of to an adjoining owner, together with another piece of land to which that owner already had title. A new survey was made in 1938 to enable certain areas to be taken for road as it was necessary to widen the main highway running along the northern boundary of Kumeu Station. This survey was based on the erroneous title, and Proclamations later took portions of this title for road. The error was discovered in 1940, and the position at that stage was that a certificate of title was in existence over two areas of railway land and a third area of land that was privately owned under another title. Parts of the sections in the incorrect title were, as already mentioned, legalized as a road by the later Proclamations, and it became necessary to put the matter on a proper basis. A new survey was made for this purpose in 1945. The clause therefore puts matters in order by substituting in the Proclamation issued in 1883 the plan based on the correct survey made in 1881 and declaring the areas (in their correct position) to be road and not railway. It then stops portions of this road in its correct location, and the titles issued over these portions and the area privately owned are validated. The correct redefinition of all the areas concerned is declared to be the 1945 survey.

* *Clause 27:* Validating an agreement between His Majesty the King and the Wellington Harbour Board (file L. and S. 13/226).—To complete the ownership of the Block the Crown is acquiring a portion which is not already Crown land of an island site having a frontage to Featherston, Whitmore, and Ballance Streets, and Customhouse Quay, Wellington City, as a site for the Reserve Bank block. The other owner affected is the Wellington Harbour Board, and the Board owns 1 rood 10.5 perches. A mutual arrangement has been arrived at between the Crown and the Board. The Crown is to pay the Board a certain sum already agreed upon for the land the Board holds in the block, and the Crown, on completion of this sale, is to vest in the Harbour Board an area of Crown land adjacent to Hinemoa Street, Wellington, for which the Board will pay a price already agreed upon. The date of settlement is to be 6th December, 1946. The agreement also covers conditions regarding occupancy of the area to be granted to the Harbour Board and value and disposal of buildings.

Clause 28: Authorizing Auckland Hospital Board to sell certain endowment land (file L. and S. 13/222).—The land dealt with in this clause is portion of the Auckland Hospital Board's endowment at Northcote. It contains a little over 9 acres, and was subdivided in 1927 into thirty residential sections and offered for lease. Only one section was taken up, and efforts to lease the remainder have been unsuccessful. There is, however, reason to believe that purchasers could be found if freehold titles could be given. The clause therefore authorizes the Board to sell the sections, the proceeds to be invested for hospital endowment purposes or used to purchase other areas to be held as endowments. The sections are bounded at the back by the Onepoto Stream, a tidal arm of the Waitemata, and the clause provides that before selling any of the sections the Board must set aside for public purposes a strip of land along high-water mark to the satisfaction of the Minister of Lands. There is a State housing block in the vicinity, an area of nearly 4 acres of the Board's endowment having recently been acquired for that purpose. However, the sections proposed to be sold under the authority of this clause are definitely not required for State houses.
