Mr. SHEEHAN to move, That, in the opinion of this House, all railway plant and materials which can be procured and manufactured in the colony should be so procured and manufactured, even though the adoption of this course may lead to a slight increase in the cost; and further, that the Government should take steps to insure the use of New Zealand coals, instead of Newcastle or other foreign coals, upon the Government railways.
3. Hon. Mr. GISBORNE to move, That the Committee on Railway Management be instructed specially to inquire into and report on the question whether, throughout the colony, the management of constructed railways could, with public advantage, on economical and administrative grounds, be leased by public competition; and, if so, what should be the term of lease, and what conditions would be necessary to secure the public interests.
4. Hon. Mr. GISBORNE to move, That the Public Accounts Committee be instructed to inquire into the compensation given to Provincial Officers whose services have been dispensed with owing to the passing of "The Provincial Abolition Act, 1875," and to report whether all just claims of such officers have been duly paid in accordance with the authority of law; and, if not, what amounts are due.
