Notice

1 Title

This notice is the Fisheries (Stocks Determined Not to be Subject to Quota Management System) Notice 2005.

2 Commencement

This notice comes into force on the day after the date of its notification in the *Gazette*.

3 References to fishery management areas

In the Schedule of this notice, the fishery management areas referred to by a reference number are the fishery management areas described by reference to the same number in Part 1 of Schedule 1 of the Fisheries Act 1996.

4 Stocks determined not to be subject to quota management system

The stocks specified in the first column of the Schedule, in the fishery management areas specified in the second column of that schedule, have been determined by the Minister not to be made subject to the quota management system established under Part 4 of the Fisheries Act 1996.

5 Consequential amendments to Schedule 4C of Fisheries Act 1996

Schedule 4C of the Fisheries Act 1996 is amended—

- (a) by omitting the items relating to cockle, pipi, and tuatua:
- (b) by omitting from the second column of the item relating to king clam the expression “1 to 10”, and substituting the expression “1 to 9”:
- (c) by omitting from the first column of the item relating to whelks the expression “*Austrofusus glans*”:
- (d) by inserting, after the item relating to king clam, the following item:

Knobbed whelk (*Austrofusus glans*) 1 to 9

cls 3, 4

Schedule
Stocks determined not to be subject to quota management system

Species	Fishery management area

Dated at Wellington this 20th day of December 2005.

Jim Anderton,
Minister of Fisheries.

Explanatory note

This note is not part of the notice, but is intended to indicate its general effect.

This notice, which comes into force on the day after the date of its notification in the *Gazette*, notifies the determination by the Minister of Fisheries not to make the stocks specified in the Schedule subject to the quota management system established under Part 4 of the Fisheries Act 1996. The effect of the determination is that the moratorium on the issue of fishing permits ceases to apply for the cockle, deepwater clam, knobbed whelk, pipi, and tuatua stocks in fishery management area 10. The notice also consequentially amends Schedule 4C of the Fisheries Act 1996, as required by section 17B(5)(b) of that Act.

Issued under the authority of the Acts and Regulations Publication Act 1989.

Date of notification in *Gazette*: 22 December 2005.

This notice is administered in the Ministry of Fisheries.
