Product news

Taylor & Francis buys US publisher

UK-based academic publisher **Taylor & Francis** has acquired **Haworth Press**, which publishes 194 scholarly/academic journals and nearly 150 books/monographs every year. The Haworth Press is an independent publisher of books and journals for professional, academic, and general audiences. The journals cover areas such as business and marketing, pharmaceutical science, library and information science, agriculture and horticulture, social work and human services. Taylor & Francis Group is a leading international publisher specialising in journals, books, encyclopaedia and abstract databases to distribute quality information and knowledge. The group publishes over 1000 journals and nearly 1800 new books every year.

Management buy-out for Swets

Swets has been acquired by the Netherlands-based private equity firm Gilde. Swets is one of the world's leading subscription services companies with more than 100 years of experience. It has a presence in over 160 countries and has more than 20 offices around the world.

NAA Preservation Guide

The National Archives of Australia has produced a guide for community groups who want to preserve photographs, papers, textiles, film and electronic records documenting their own history. *Keep it for the Future!* was written by National Archives staff who wanted to share their expertise with the thousands of volunteers who care for the nation's heritage. The book covers everything an aspiring archivist might want to know, including how to identify which records a group should keep, as well as how to register, store and preserve them. It also covers environmental and access issues, and preparing a disaster recovery plan in case the worst happens. The book is \$4.95 and available from the NAA's online shop.
